ANSAR ARABIC COLLEGE
VALAVANNUR**

Mentoring & Counselling Cell

Mentoring is an effective process of guiding and encouraging a person. The mentoring and Counselling Cell of our College plays a significant role in enriching the academic as well as personal development of students especially in educational institutions helps to boost the overall growth and personality development of a student.

At the beginning of every year, the student community is divided into small units with a teacher as mentor. Our teacher- mentors help to resolve and avoid potential problems of the students and also help them to blossom and realize their true potential. The Mentors are allowed to decide the time and methods for mentoring. The students are also permitted to meet their mentors whenever they want. They assist the students to enhance their self-confidence and resolve the challenges in their life. They kept a record of each contact session in the Mentoring Book "Thanmiya."

The Counselling Cell in the campus supports staff and students for their psychological wellbeing. Our aim is to help the students to cope with the dilemmas in their personal life or with painful life events, and also to help the students to develop resilience, so that they are better able to respond to problems and challenges. We also provide individual and group counselling.

Coordinator

Dr Mohamedrafi C

Assistant Professor
Department of Arabic

PRINCIPAL,
ANSAR ARABIC COLLEGE
VALAVANNUR

Report of the Mentoring and Counselling Cell during the Academic Year 2019-2020.

Considering the significance of mentoring in moulding the character of students, a mentors' handbook "*Thanmiya*" was introduced during the academic year 2019-20, to record systematically the details regarding the mentees. The number of students allotted to each teacher in the college is different as the total number of students in each department varies. The Mentor decides the time and methods for mentoring. The students can meet their mentors whenever they need help. Mentors play a prime role in the life of the mentees, as they analyse the strength and weakness of the students and channelize them to the right path. They assist the students to enhance their self-confidence and resolve the challenges in their life. Mentors keep a record of each contact session in the Mentors Handbook. The mentors submitted the Handbook with the consolidated report of the issues raised and resolved during the mentoring session, which was duly countersigned by the Head of the Department, coordinator of the mentoring and counselling cell and the Principal, at the end of the academic year.

Mentoring and Counselling Cell Coordinator: Dr Mohamedrafi C
